Dear Mr. Weisberg,

Thank you for your promptness in sending the "Whitewash" series. I hope you received my check without much delay.

I'm currently enrolled in my 1st year of law school (I am struggling to avoid making it my last), so I haven't had much time to really study your work with ~~such~~ any great thoroughness. However, what I have read so far, skimming through the four books, is both enlightening and disturbing. I have done some reading in this subject, but your study is by far the most comprehensive I've read. I congratulate you for doing a good job of investigating an ~~event~~ area which our nation surely needs to understand if we are ever to regain a sense of meaning and purpose — something we certainly had under President Kennedy.

What I would like to know is: what can I do to help you in your investigation? Or what can I do ~~on~~ my own to help shed more light on this scandal?

If you think there is anything I can do please tell me. In response to your query (p 133 Photographic Whitewash) concerning the "solved" status of the assassination, I do not want it to remain that way.

One more thing, do you think my pursuit of this subject is safe?; for I have heard that certain inquisitive people have been threatened or endangered.

Also is it safe to write or call you without fear of being spied upon thru mails or wiretapping?

I realize you may wonder about my veracity, so if you wish, you may call me collect (614) 262-1315. For I have had other people inquire as to my motives in such inquiries, and thus you may wonder about anybody trying to "help" you. Thank you for the books and for your work in trying to straighten this country out again. Good luck,

Mike Moses
